Island  
MARINA

The island of Hippocrates, the founder of medicine. Its fertile land was settled since 3000 years B.C. The rich core of the island has brought up over two hundred thousand people, as it is mentioned in Homer.

Its vast vegetation, its plentiful waters, and the morphology of its coasts, form an environment of unbelievable beauty, which is preserved until today, due to the infrastructure, and the caring of the people of Kos.

Meeting center of ancient Greek, Western and Eastern civilizations.

A crossroad of civilizations, which left behind, samples of wonderful monuments: the Asklepon of Hippocrates, the ancient Music Theatre, the ancient Agora, the Venetian castle, the Casa Romana the Muslim Temples, and Italian buildings with a special architecture, which dominate the central points of city.

The city of Kos is an open archaeological park, which harmoniously lives together with the modern pace, of touristic development.

Welcome to Kos International airport.

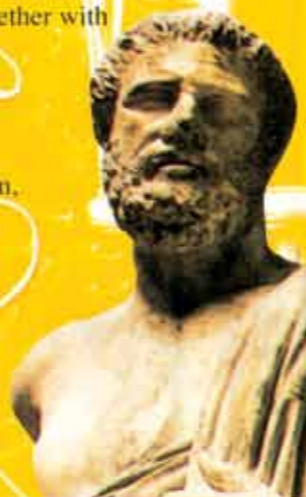

Take your time to enjoy the hot sun, which affects favorably your temperament.

The blue, clear waters for swimming, sports, fun and ...voyages!

Take your time, to sail from the KOS MARINA to the Archipelagos, to discover its cosmopolitan, and picturesque islands. To sail to the small deserted bays which are hidden in the coasts of the Dodecanese, the Cyclades.

Take your time to sail to the ports of the east coast, to enjoy th most beautiful moments of your voyage, in the bluest waters in th world.

And return without abandoning your dream, to reach your dream.
